Subject: Fw: SJRWP Preliminary Site Characterization Report is posted
Date: 07/21/2011 12:46 PM

Folks,

The San Jacinto Preliminary Site Characterization Report has been posted on the web portal. I would appreciate your review and any comments you may have on this report. Please let me know your comments by August 17 if possible. FYI, the report contains a lot of tables and figures in two volumes (Vol 1 - 346 pages; and Vol 2 [appendices] - 1174 pages). Also, please let me know if anyone has trouble accessing this report.

Thanks,

Gary Miller, P.E.

Subject: SJRWP Preliminary Site Characterization Report is posted

Dear Gary,

On behalf of McGinnes Industrial Maintenance Corporation (MIMC) and International Paper Company (IP), Integral and Anchor QEA have posted the two-volume *Draft Preliminary Site Characterization Report, San Jacinto River Waste Pits* (PSCR) to the project document portal, in the folder called "SJRWP Site-Working Documents."

The document will be shipped to you in hardcopy tomorrow, for delivery Friday.

This document is submitted pursuant to CERCLA Docket No. 06-03-10.

9548993

In addition, MIMC and IP are submitting four Field Sampling Reports. These reports document the field work conducted to collect soil, sediment, tissue and groundwater for the RI. These will be posted to the document portal Thursday morning, in the "SJRWP Site – Final Documents" folder, and will be shipped in hardcopy with the PSCR. I will send you a note when they have all been loaded.

Thank you,

Jennifer
